Indianapolis, IN 46205

Dear Isaiah,

Thank you for approaching us and your interest in considering a permanent exhibition of the ***Holocaust Project: From Darkness Into Light*** at the future location of the historical Beth El Synagogue on 34<sup>th</sup> and Ruckle Street in Indianapolis, IN. Your original role as advisor for the ***Holocaust Project*** places you in a unique position to understand the scope of the project, its historical importance and the context that is necessary to present the work.

Donald and I are happy to entertain your ideas and thoughts regarding this endeavor and look forward to hearing more about the progress you make in securing and restoring this historic temple, which would be a great accomplishment.

Warmest regards,

Judy Chicago

Donald Woodman
